Space will be limited so be sure to register early.

SCHEDULE OF TOUR EVENTS

SUNDAY

The Hospitality room will be open to check in and meet old and new friends. An opening dinner will be held at the host hotel and ties are strictly prohibited.

MONDAY

The tour begins with a short trip to part of the first road from Cumberland to points east. It goes over Polish mountain and is the site of the sports car club's annual Hill Climb Event. After a timed run up the 1-mile course its back down and a stop for coffee where you will see the history of the hill climbs. Next, a drive to Oldtown brings you to the only privately owned low water toll bridge in the country. It crosses over the Potomac River, which divides Maryland and West Virginia. On this day they will accept one of your wooden nickels (or 50 cents) as the toll. You will continue south until you reach Romney where you will have lunch and then ride the Potomac Eagle train up the river thru areas that cannot be reached by road. After the train ride its back to Cumberland for dining under the stars.

TUESDAY

Today's tour will take you to the location of the plane crash on 9/11/2001 where brave passengers on Flight 93 saved the lives of many in DC where the terrorists seemed to be headed. After lunch you will visit the Q Creek Mine rescue site where luck and skill saved the lives of the nine miners trapped underground.

WEDNESDAY

A stop at a private airstrip, where the owner stores several antique airplanes, will be your morning tour. The owner has said he would give us an air show if the weather is right. Then it's off to Deep Creek Lake and Swallow Falls where Henry Ford came for many camping trips with his buddies. Lunch will be at the Oakland Elks and then we will visit historic and beautiful downtown Oakland. Next we will tour the newly open transportation museum and the old train station. You can stop in as many of the shops as you like and enjoy the afternoon before returning to Cumberland for a picnic and ice cream social. The Glidden freshmen will graduate and some other entertainment is on tap.

making mountain memories

THURSDAY

Today you will travel the National road (the first federally funded road in the USA) this year is the 100th year anniversary of that road. You will stop at a craft area for your morning coffee and then proceed to Nemaquin Trails Resort for a look around the property, antique autos, guns, and wildlife collection. Lunch will be in Ohio Pyle. This is one of the most beautiful locations on earth. In the afternoon you will tour a Frank Lloyd Wright home (*Falling Water*) built for a wealthy Pittsburgh family. This is considered one of the most famous homes in the country.

FRIDAY

You will stop by one of our member's home for a tour of his Corvette collection. After coffee you will head into town to board the steam train that will take you to nearby Frostburg and back. After the train ride the town is again open to us for shopping and touring its museums. Also another club member will have his antique auto and truck collection open for your enjoyment after the train ride. Friday night will be the closing banquet and ties will be allowed but not required. Awards will be presented and closing remarks will be kept short.
